

*Enhancing how professional development services are delivered in Michigan*

## **Here's what's new for 2006:**

### **SB-CEUs**

Seven LearnPort courses are currently available that provide SB-CEUs— with more on the way. By the end of February there will be an additional 17 US Department of Education and nine Michigan Department of Education courses that can be taken for state board-continuing education units. To find these courses, sign in, go to the “Learning Catalog” and search for “SB-CEU approved content.”

### **Searches**

- NetTrekker is an award-winning academic search engine that's safe, fast and easy to use for teachers, administrators and other school employees
- Over 180,000 educator-selected online resources organized by readability level and aligned with state standards
- Quickly and easily find resources for general education students, those working below or above grade level, with reading challenges, special needs and more

### **Answers**

The Answers.com search capability is now available directly from LearnPort, providing quick, integrated reference answers instead of just search engine links. Answers.com delivers snapshot, multifaceted definitions and explanations from credible, attributable reference sources on over one million topics in their database. Their editors take content from over 100 encyclopedias, dictionaries, glossaries and atlases, carefully chosen for breadth and quality.

**Sounds great?**  
**Not a LearnPort member?**  
**Flip over for registration information.**

# LearnPort Registration

## STEP 1

From your computer browser go to the Michigan LearnPort website at [www.learnport.org](http://www.learnport.org).

## STEP 2

Click on “Join Michigan LearnPort.”

2. Click here

## STEP 3

Fill in the information required. If you're not a school employee, choose Michigan Department of Education.

3. Fill in information and click here

## STEP 4

Complete the information on the second registration screen using Michigan Department of Education as your school if you're not a school employee. Then click “continue.”

4. Fill in information and click here.

You'll then see a screen that will inform you that your request has been received. You'll receive your login ID and password in about 24 hours. Thank you for activating your Michigan LearnPort account. For help or further information contact:
